What does it say?

Habit of Working Hard

“Then develop the habit of working hard. This is because when you grow up the entire responsibility of the Jama’at will fall upon you.

This is why you should work hard both for your worldly education and for your religious education.

Work hard and learn.

When you develop the habit of working hard then you will also gain knowledge because of it. Then in the future when you are older you will be able to serve the Jam'at in an effective manner.”

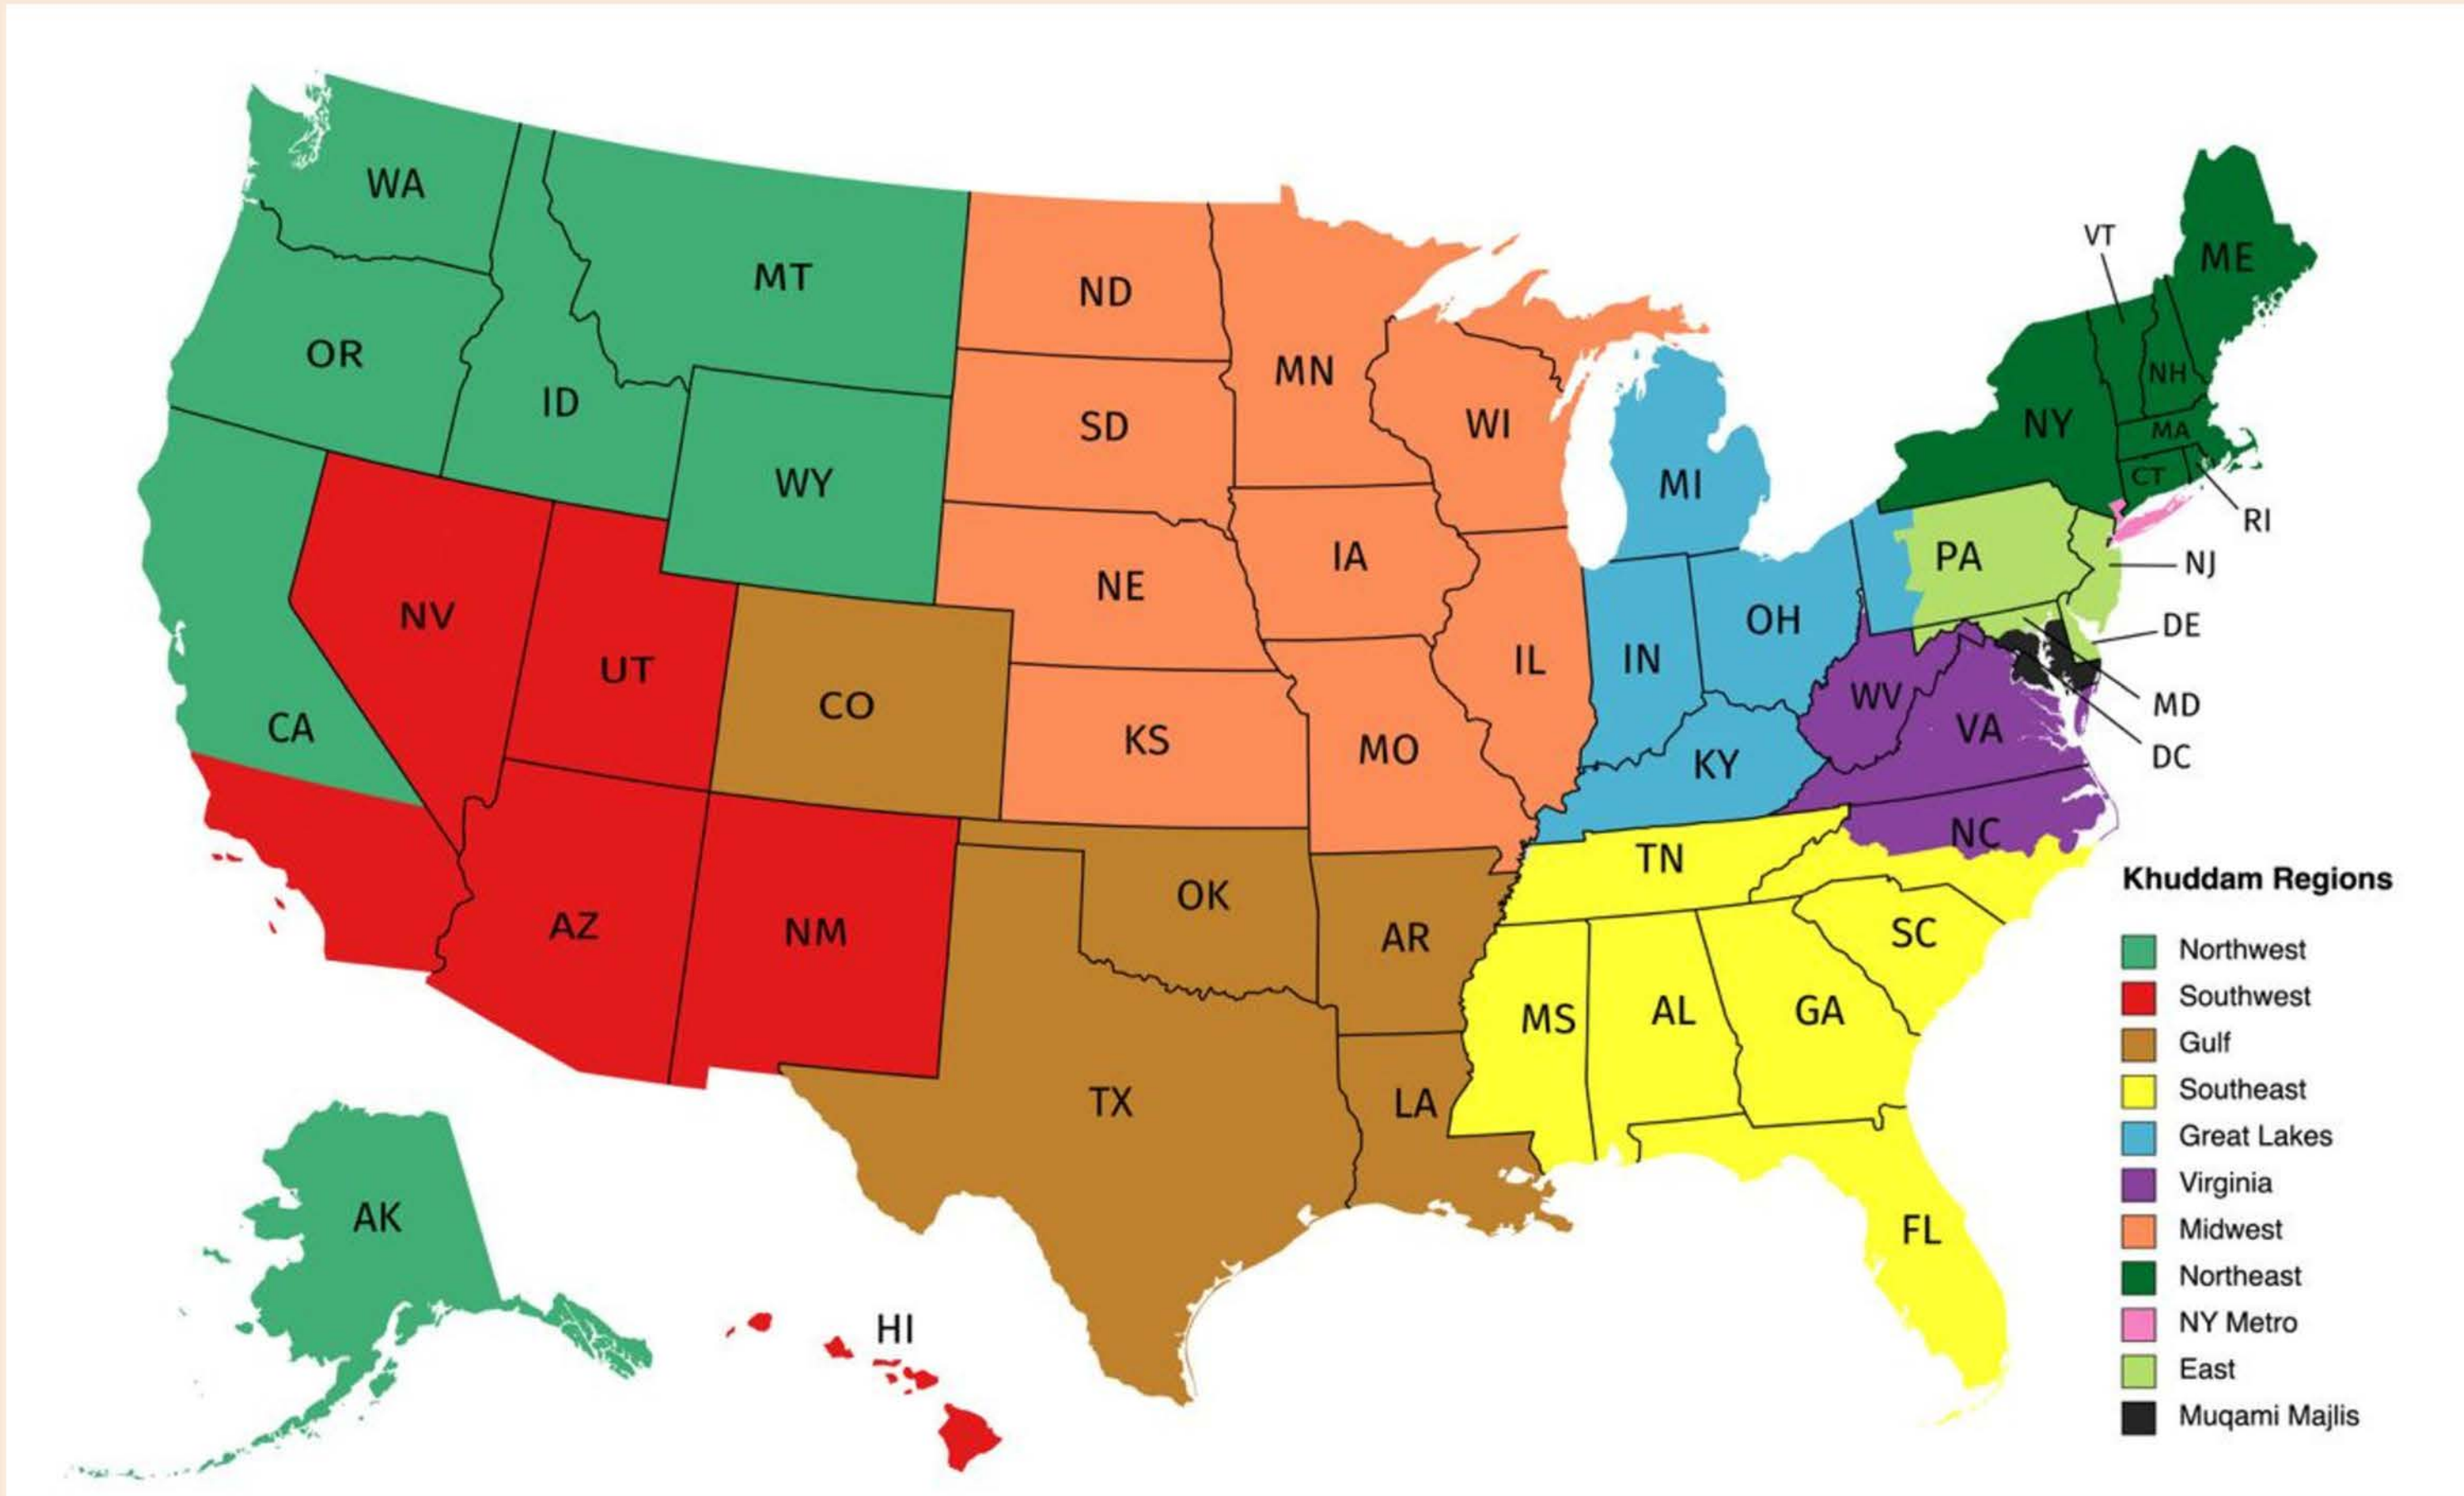

Training of Youth

“The Atfal of our Jama'at have to grow up, spread our message and be responsible for the training of nations. This is why it is important that you learn about your religion at this age.

Create the love of God and his Holy Prophet (saw) in your hearts. To fulfill this wish of yours, the Atfalul Ahmadiyya organization had been founded.

I hope that you will continue to take part in its programs with eagerness. May Allah give you the strength to do this. Ameen.”

“My message to Khuddam and Atfal is that they should pay attention to this important responsibility (Salat) from childhood. If you develop a firm habit in childhood then you will become a person who guards his Salat through out his life. The Holy Prophet (saw) has said that the first thing that will be asked about on the day of judgement is Salat. If this test is passed then a person will gain deliverance. If this test is failed than he will be unsuccessful and will incur a loss. May Allah make it that every Khadim and Tifl takes this advice of mine to heart.”
